Policies and Procedures**

Patient Fees Posting – *Adopted April 5, 2009*

The Saskatchewan Association of Naturopathic Practitioners (SANP) requires Naturopathic Doctors (ND) in Saskatchewan to inform their patients in writing of the fees charged for visits and any services provided. This can either be done by a sign posted in a clearly visible patient area, or in written information which is provided to all patients.

An example of posting of patient fees is a visible sign at the reception desk or area indicating:

<p><i>EXAMPLE ONLY</i> PATIENT FEES Initial consultation, X minutes: \$XXX.00 Subsequent visits, X minutes: \$XX.00 Telephone consults over 5 minutes: \$X.00 - XX.00 Email consults: \$X.00 – XX.00</p>
--

Alternatively, an ND may choose to include this information in their initial information package or Consent to Treatment documents, which provides a list of fees.
